Opposition Hits Gas Export Bill

Legislation Under Attack At Special House Session

Draft legislation to "preserve and conserve" Alberta's oil and gas resources slammed against a thin but solid wall of opposition yesterday.

Three opposition members voiced bitter criticism of a bill to provide for the "preservation and conservation and effective utilization" of gas resources as the Legislative Assembly convened here yesterday in a special gas export session.

Motions to give second reading to this Bill No. 1 and to Bill No. 2, to "amend the oil and gas resources conservation act" were still before the House when the debate adjourned late yesterday afternoon.

Britain Will Defend Ships In Far East

TOKYO, July 6.—(Reuters)—British warships will defend any British ship attacked in Chinese waters wherever possible, Admiral Sir Patrick Brind, commander-in-chief of the British far eastern station, told a press conference here today.

"Neither side is entitled to attack British shipping by sea or air and British warships will stop that wherever possible," he said.

(The Nationalist government has ordered "closure" of Communist-held ports in the south.)

CARRIER ON WAY

The Admiral confirmed that the British aircraft carrier Triumph is on its way to Hong Kong to be ready to operate from the colony.

"There may be another carrier should it be needed," the Admiral added.

There now are three naval units at Hong Kong, a cruiser, destroyer and a ship.

The British government has told the Chinese Nationalist government that it cannot recognize the "policy" of Chinese territorial waters from Foochow to Manchuria imposed by the Chinese Nationalists on June 25.

The Chinese replied by saying that conditions in the areas declared closed were still improving and urged the British government to warn its shipping not to enter these waters.

Imperial Ups Gas in East

TORONTO, July 6.—(CP)—A half-cent a gallon increase in the wholesale price of gasoline in Ontario and Quebec was announced today by Imperial Oil Ltd.

But a company spokesman said no increase would follow in western Canada although the price has risen in the Maritimes and eastern United States and Gulf Coast ports.

The increase brought retail prices in Imperial service stations in Toronto to 40 cents for premium gasoline and 38 cents for regular grades.

Officials of other oil companies in Toronto said they probably would follow suit.

City Paving Program Is 50 Pct. Complete

Approximately 50 per cent of the city's \$1,200,000 paving program for this year has been completed.

EASY WAY TO GET YOURSELF A CITY LOT

Lots in our far city may be hard to purchase, but not by consulting the Bulletin's Want Ad department.

After only one day of his inexpensive six-day ad, a gentleman called the Bulletin to cancel it for he had been swamped with calls and had sold his lot.

You will also get speedy service and the best results by simply dialing 42111, the Bulletin's Want Ad department.

Two RCAF Men Die In Harward

PICTON, Ont., July 6.—(CP)—Two RCAF airmen died yesterday in the flaming wreckage of a Harward training plane which crashed and burned in a wheatfield near the eastern Ontario town, 110 miles east of Toronto.

The men were LAC Clifford James Thornton and PO M. L. Coulton, both of Toronto, permanent force members from the RCAF's No. 409 squadron stationed at Toronto.

Three Vagrants Die In Brooklyn Fire

NEW YORK, July 6.—(UPI)—Two men and a woman died today in a fire in an unused three-story brownstone building. Police said no identification papers were found on the bodies and believed the three were vagrants who had been sleeping in the vacant building.

HE FOUND WAY TO GET AROUND

Perhaps Vern Guthrie got tired waiting for a new car to roll off factory assembly lines. At any rate he picked up a few odds and ends and made himself a motor scooter good enough to carry him and most of the neighborhood kids. Guthrie, chief engineer at the McLeod block, is seated on machine. Lois Dickson stands behind him with Doreen, Gwen and Dawn Guthrie seated from left. Machine cost \$250 and goes 100 miles on gallon of gas.

Might Have Been Tornado But Nobody Was Looking

If a tornado twisted a path through the Ellerslie district yesterday, the people of Ellerslie must have been looking the other way.

They didn't see or hear of a tornado. Of tornadoes at or near Ellerslie they know nothing.

Unofficial reports reached the weather office here late yesterday that the black twisting cone of a tornado was sighted southwest of that Edmonton suburb, between Edmonton and Leduc.

NOT CONVINCED

But Mrs. John Mincham, who lives there and should know, claimed today she wasn't convinced by these tornado stories.

She thought if there had been a tornado as reported, it must have been "further east." She added: "We just had a small shower here. There was little wind at all. But it looked very dark over the east."

WE GOT SOME RAIN

But even if Edmonton district didn't have a tornado—and who wants one anyway?—there was a bit of rain.

And rain is what this part of the country needs most of all.

It was Edmonton's heaviest rain over a 24-hour period since July 12, last year.

Weather office officials say 62 inches of rain fell on parched city and suburbs.

In the 40-minute period from six o'clock until 10:30 minutes to seven o'clock, 37 inches fell.

HEAVY DOWNPOUR

At Lac La Biche 92 inches was recorded in a teeming 25 minutes.

Other heavy showers with some hail and squally winds were reported from Leduc northward to McMuray.

The weather continued warm and dry elsewhere.

Schmuck Suit Dismissed

The \$100,000 damage suit brought by Frank W. Schmuck of Edmonton against directors and former directors of Alberta Oxygen and Acetylene Co. Ltd. was dismissed today by Mr. Justice G. B. O'Connor of Alberta Supreme Court.

Justice O'Connor dismissed the suit on the basis of the statement of claim without costs.

Schmuck was seeking to regain possession of the company, failing this \$100,000 damages.

Defendants to the action were F. W. Schuster, H. H. Wainwright, Hamilton, Kenneth Lawson, H. N. Stewart, K. C. McMillan, A. Bowman and L. A. Cavanagh.

Rail Demand Parley Set

MONTREAL, July 6.—(CP)—A spokesman for Canadian Pacific said last night the companies have asked railway brotherhoods to send representatives to a meeting here July 12 and 14 to discuss the union's latest demands.

There are 15 international brotherhoods and the Canadian Brotherhood of Railway Employees (CBRE) involved and the number of workers affected is about 150,000.

The brotherhoods requested a 40-hour week instead of the present 48-hour week without loss of take-home pay and certain other increases.

The railways have said the demands mean a total of \$74,000,000 a year.

Council Meets

WASHINGTON, July 6.—(CP)—The International Wheat council met today to put into operation the recently-ratified world wheat agreement, a four-year pact designed to stabilize prices and supplies.

Wildwood Air Crash Injures 3

Lost Plane Misses Safety of Lighted Field at Edson

EDSON, July 6.—Missing the safety of Edson's temporary airport, illuminated by headlights of autos summoned by the fire siren, three persons in a light aircraft crashed in darkness of a farm field near Wildwood about 2 a.m. today.

In Edson hospital are Toiyu Ayo, pilot, Seattle, and Ruth and Nancy Canham, sisters, of Anchorage, Alaska.

Ayo suffered a fractured skull. Each girl suffered a fractured leg and Nancy Canham also incurred facial injuries.

BOUND FOR EDMONTON

They were bound for Edmonton from Fort St. John when their Stinson aircraft apparently became lost in Edson area around 11 p.m. Tuesday, crashed about three hours later in a farm field near Wildwood, 66 miles west of Edmonton.

The crash was heard by Charles Sney, Wildwood district resident, and an ambulance from Edson, 66 miles west of Edmonton.

CARS LIGHT FIELD

The plane passed over Edson three times between 11:10 and 11:30 p.m., according to Edson fire chief Don Reggan, and alarmed citizens sounded the fire siren, sped to the temporary airport and each day illuminated with lights from 56 cars and also set fires.

The plane, however by this time had moved eastward toward Edson to crash in the field around 2 o'clock.

DUE HERE 11:17 p.m.

According to reports of the crash obtained in Edson from Northwest Air Command headquarters, RCAF, the aircraft left Fort St. John at 10:07 p.m. yesterday and was due to arrive here at 11:17 p.m.

When the plane failed to arrive the command rescue co-ordination centre started checking.

At 12:10 a.m. the fire chief at Edson, 135 miles west of Edmonton, reported the plane's passage over Edson.

Charge Laid In Stabbing

A charge of wounding has been laid following Tuesday night's knife incident at the Exhibition Ground wrestling match.

In the affair, 15-year-old Russell Boal, 9612 101 avenue, was allegedly killed by a 14-year-old Alexander following an argument.

Boal, who was taken to Royal Alexandra hospital where he was treated for a minor wound in the left side below the ribs.

Boal is reported to have started after one boy excitedly jostled him several times during a bout. Boal retaliated by hitting his companion on the shoulder. Later an argument developed and the knife incident resulted.

His head was found a few feet from his body on the railway right of way. The face had been disfigured. He was identified by papers and a train pass found in his pocket.

Dollar Shortage Given as Reason

By Alan Harvey

LONDON, July 6.—(CP)—Britain will mark time on new dollar spending for at least three months and then may make further retrenchments, Sir Stafford Cripps today told the house of commons.

The chancellor of the exchequer said it may be necessary to reduce imports of some foodstuffs and raw materials from dollar areas in an effort to cope with Britain's "new and dangerous financial position."

But specific authority will be required for any new dollar purchases and an ambulance from Edson, 66 miles west of Edmonton, reported the plane's passage over Edson.

CARRY ON CONTRACTS

Existing contracts, such as agreements with Canada, wheat and cheese and bacon, would remain in force.

Sir Stafford said the government reluctantly advised all purchases and departments to postpone new dollar purchases to the "maximum extent practicable."

"But specific authority will be required for any new dollar purchases and an ambulance from Edson, 66 miles west of Edmonton, reported the plane's passage over Edson."

The new import program would be drawn up shortly. It was hoped it would go into effect by September.

Sir Stafford reiterated the familiar appeal for greater efficiency in production and restraint in wage.

RIGHT AT HOME Law Officer Was on Duty In Pyjamas

Police officer P. I. Mink was on duty in his pyjamas last night he was released after he had convinced them he had made a mistake in the address.

"I was looking for an address which was very similar to the celebrant explained thickly producing a slip of paper bearing a like address on another street."

He was directed to this address where it was hoped he would be more welcome.

Archbishop's Widow Dies At Winnipeg

WINNIPEG, July 6.—(CP)—Mrs. Alice E. Matheson, 81, widow of the late Archbishop S. P. Matheson of Rupert's Land, died here last night at her home following a lengthy illness. Funeral services will be held Saturday at St. John's cathedral.

Survivors include two daughters, Mrs. Harry Butterfield of Toronto and Miss Mary Matheson of Parkville, Vancouver Island, B.C.

Canadian Dollar

NEW YORK, July 6.—(CP)—The Canadian dollar was down 1 1/2 of a cent at a discount of 5 1/2 per cent in terms of United States funds in mid-day foreign exchange dealings today. The pound sterling was up 1 1/2 of a cent at \$4.07 1/2.

"GET ME A LAWYER" is order this youthful traffic offender might be barking to Wickliffe, O. police. Shepherd pup was brought into jail by harried motorist. "He's sitting in the middle of the street and blocking traffic," motorist complained. Pup was tossed in cink.

Prospects Poor For Normal Crop

Heavy General Rain Needed To Forestall Heavy Losses

Only the Peace River district and some southern areas will have normal crops this year unless heavy general rains fall immediately in other parts of the province.

This is indicated in the bi-weekly crop report issued today by the provincial department of agriculture.

More than half the crops are in short blade, and short crops in drier areas are starting to head.

GENERAL RAIN NEEDED
Light to good rains in several central Alberta districts recently improved crop prospects in these areas, but good rains are needed to prevent further deterioration.

Subsist moisture reserve is generally inadequate and surface moisture supplies in many districts remain poor to fair.

With the exception of southern Alberta and the Peace River district, the province is in urgent need of rain.

Crops are poor to fair only, with the height of wheat ranging between five and 18 inches. Coarse grains have reached a height between three and 15 inches.

DAMAGE VARIES
Drought damage varies from slight to considerable, and crops below average are anticipated in many areas.

Only a few reports of crops burning have been received since cold days have helped prevent crop deterioration. But growth is at a standstill now and unless early rains fall crop damage can be expected.

Cattle, too, will decline in condition unless early rains promote pasture and lay growth.

MILK FLOW DOWN
As a result of poor pasture growth, milk flow has been lower for the past few weeks than it was during the same time a year ago.

Receipts at butter and cheese factories in northern and central Alberta dropped five to ten per cent.

Cattle have been turned out to hay fields in some areas where heavy showers have occurred many days ago are seeding out on summer-fallow land with a view to using it for greenfeed.

City Barrister Heads Treasury Loan Committee
Appointment of M. Campbell Fraser, Edmonton barrister, as chairman of the Treasury Branches Loan Committee was announced today by government order-in-council.

Mr. Fraser succeeds A. K. Olive, superintendent of Treasury Branches as chairman and member of the board.

Mr. Olive retains his position as superintendent.

Young Badmen Sought In Boys' Home Break
A pair of 'boy badmen' are being sought by city police following their escape last night from Optimist's Boys' Home on the South Side.

The two, aged 15 and 17, arrived recently in Edmonton from B. C. in a stolen car and are believed responsible for a trail of thefts, burglaries, and petty crimes extending to Vancouver.

They have admitted several cases of car theft and breaking and entering.

WANTED IN CALGARY
Pair was arrested here suspected of several burglaries. They are also wanted in Calgary.

It is believed they may be responsible for the theft last night of a Buick Wildcat from the B. C. car from a South Side service station as they attempted to escape. Car was in for repairs and broke down after it had been driven only a few blocks.

Pair escaped recently from Boys' Industrial school near Vancouver, B.C.

CHALLENGE WORLD
They are described by a probation officer as "a pair of dare-devils who are trying to challenge the world. They are trying to see how far they can go but they don't know what they are getting themselves into."

Pair escaped while returning to cells from supper. They slipped out through a window after removing a bar which had been previously loosened.

Screws had been removed from each end and screw-bolts filled with mud to prevent detection.

An official said boys in the home are on the honor system and escape is comparatively simple. They are the first to leave since December.

Tiny Radio Units Aid Model Plane Flying

High frequency radio control has developed long-range flying among young Edmonton model plane enthusiasts.

Wally Broen, 10517 129 street, has succeeded in building a model plane with a one pound radio unit in the cockpit, allowing him to direct its flight from a distance of two miles.

The battery unit is built along lines of the German rocket bomb. A unit inside the plane receives signals sent out by the operator.

USUAL MOTOR
Powered by the usual gas motor controls are directed from the ground, enabling the plane to land without crashing.

Broen, now 23 years old, has been interested in the hobby for 13 years. He is convinced the range of the craft is indefinite.

"Two miles is the maximum of visibility I can see the plane," he explained. "Beyond that the operator can't see what he's doing. You get crashes that way."

UP TO 2,000
Altitude of the plane is 1,500 feet, but Broen has had it up to 2,000.

Wingspan of the craft is seven-and-a-half feet from tip to tip. The model cost \$30 and radio controls meant another expenditure of \$110.

Total weight of the plane, including radio controls, is seven pounds. Engine has a 60 inches displacement, giving a top speed of 35 mph.

CAN'T ENTER
Member of the Edmonton Model Aerocrafts, Wally would be able to enter in the hugh and radio controls in Junior Air Show being held at Namaw airport July 10.

His plane is in Calgary where he recently gave an exhibition of control flying at an air meet. Some work is needed before he can get it in the air.

Johnstone Walker's Daily Store News
EDMONTON'S OWN STORE

JOHNSTONE WALKER LIMITED

PAUSING for moment between sessions of 20th convention of Alberta-British Columbia District of Lutheran Church—Missouri Synod yesterday are from left F. A. Hertwig, Detroit, third vice-president of synod; Rev. W. C. Burkner, Fort Wayne, Indiana, executive secretary of central district; W. C. Eifert, president of district.

Over 200 Kiddies Here To Take Part in Swims

BLOODY SWIM SUIT HINTS FOUL PLAY

Possibility of foul play in the Capitol Hill district is being investigated by police.

Pair of bloodstained swimming trunks was found at 5:30 p.m. yesterday in bushes off Riverside Drive near 142 street by two girls.

Blood on trunks and bushes was still wet when discovery was made.

Small sized trunks may belong to a child, police say. No children are reported missing at the present time, however.

Blood is being analyzed at the University of Alberta.

Exhibition to Display Canada's Top Stock

Champions of Canada's livestock industry will be on display at the Edmonton Exhibition Association's summer fair to be held July 18 to 23 inclusive.

Pride of western Canada's livestock will be up against the toughest kind of competition as entries pour in from Eastern Canadian and United States breeders.

Entry lists indicate the livestock branch of the fair will be the largest in recent years, and will tax the plant's capacity to the utmost.

2 HORSE JUDGES
Fair judges will be George T. Fraser, Fair, Saskatchewan, Percheron, and Belgian horses; W. H. Hicks, Agassiz, B.C., Clydesdale horses.

Aberdeen Angus cattle will be judged by Dean Grant MacEwan, University of Manitoba, and Jersey cattle by Joe Knott, Pulman, Wash.

Eddie Nood, well known Alberta exhibitor and breeder, will judge the Hereford classes, and A. Anderson, Calgary, the Ayrshire cattle class.

MOORE JUDGING
Peter Moore, New Westminster, B.C., will judge the Holstein and Red Poll classes by Thomas Hovea, Millet.

Sheep classes will be judged on Thursday, July 21.

The livestock branch of the fair will be climaxed by a grand parade of all winners in the different classes. This parade is scheduled for 10 a.m. on Friday on the race track.

ENTRIES CLOSE
Entries in the agriculture and horticulture classes closed June 20 and included classes for thoroughbred grains, vegetables, flowers, fruits and honey.

Special classes for exhibitors from junior farm clubs will be a feature of this section.

Keen competition is anticipated in the "one-day exhibit" and also the exhibits from districts. Total of \$270 is offered in prize money in these events.

Ban Red Organ
BUENOS AIRES, Argentina, July 4.—(UP)—Aerial authorities yesterday barred the organ of the Soviet party, El Socialista, from the skies.

CHANGES in executive position in Bank of Montreal here were announced today. Thomas Dickson, left, manager of main office since 1941, goes on retirement at end of July, and will be succeeded by G. Arnold Hart, right, who comes here from Calgary.

I love you truly

Webber in Quebec League

Let's spin the sports sphere: Les Webber, onetime major league hurler (Brooklyn, Cleveland and more), has joined St. John of the Quebec Provincial loop. In the spring, rumor had Webber, a native of Santa Maria, Calif., who "broke in" hereabouts as a "teen-age semi-pro topper" in the mid-1930s, coming back this winter to manage and/or pitch for general manager L. A. (Lefty) Groves' Cubs of the Big Four circuit. . . . Don't bet a pretzel that Jack Evans, husky rearward of last season's Lethbridge Maple Leafs, will look on with the "Wild Bill" Hunter's Saskatoon Quakers for the next hockey season. Even Hunter, who earlier announced he had Evans "signed, sealed and scheduled to be delivered," is telling it now that the 22-year-old bouncer is "too good a hockey player" to stay in the Western Canada loop. In other words Evans is headed for New York Rangers of the Big Tent.

Add it should-have-happened-sooner-dept.: Finally waking up to the fact the older was in no shape to give the two-buck better any kind of run for his money, prairie racing officials have ruled Grey Gosselin off the circuit. Last time out at Winnipeg the going on 10-year-old, running like a fat man, as usual, was whipped by 44 lengths.

Remember Cliff Bogstie, slender southpaw star with Drumheller and other clubs 12-15 years ago? He's popped up again, this time as a member of the Belisle pitching staff.

Report by 'Chuck' Henderson

You have the word of Mr. Charles (Chuck) Henderson that "everyone hits .300" in the Western International, Class B baseball circuit that operates on the west coast. Henderson, currently down that way on a holiday jaunt, writes that he has seen a number of games in the 'Wilby' loop, as it's sometimes known, as well as the swifter Pacific Coast circuit.

"In Spokane saw a Western International league game between Bremerton and Spokane. It was at night and cooler than I expected. Nice ballyard, but no better than our own. Grandstand newer but our scoreboard miles ahead of theirs.

"Everyone in this league hits .300. The pitching I saw reminded me of Cubs' (Edmonton Motors Cubs, Big Four league) staff of two years ago."

Henderson, formerly accepted as a player (he was a nifty at first-base) and manager around here, likewise was on hand for a Portland-Sacramento Pacific Coast league offering.

"This Walter Drope, down from the Boston Red Sox, doesn't hit too many. But man when he connects I don't believe they make ball parks big enough to hold him.

"He hit one over the left centre field wall (at Portland) that was two miles high. I believe it landed in the Willamette river. When last seen it looked like a golf ball. Drope reminds me of Don Conklin, about the same height but weighs 240 pounds."

Henderson expects to wrap up his holiday along about July 18.

Tennis Dons Miss Boat

President Harry Young and his Edmonton District Tennis association are missing the boat a mile, considering their plans for a Junior net tournament. Instead of gathering the young racket swingers together "under one roof," so to speak, the kids'll play all over the city, according as courts are available. To our way of thinking if prexy Young and associates are serious about bringing along the youngsters they'll speedily adopt a policy best expressed as "nothing is too good for the juniors."

Tournament should be played at one club. The association executive must go out of its way to guarantee its success. If the recently concluded city tourney doesn't do the trick, nothing ever will wake up the EDTA to the fact that they must give the game "back to the kids". Spectacle of George McFadden, Tofield veteran, making it to the finals of the men's single competition, even without benefit of previous practise this season, was the tip-off on something or other.

We understand that neither Garneau, Glenora nor Civil Service clubs that have the required facilities—are keen to make their courts available for the Junior meet.

To which we say: "Aw nuts!"

Buck Boucher Moves To Boston as Coach

BOSTON, July 6—(AP)—Appointment of George (Buck) Boucher of Montreal, Ont., as bench coach of Boston Bruins of the National Hockey League under a one-year contract was announced yesterday by president Weston W. Adams.

Boucher, 32, is a member of a well-known Canadian hockey family and one of four brothers who played in the NHL. Last season he coached Ottawa Senators of Quebec Senior Hockey League to the Allan Cup.

Boucher turned professional with Ottawa Senators, then an NHL league member, back in 1915 and one of his teammates was Art Ross, veteran general manager of the Bruins. After 13 seasons in Ottawa as a player, Boucher was traded to Montreal Maroons since discharged. He started his coaching career with Maroons in 1926 and also saw service as an NHL coach with Chicago Blackhaws. He coached Boston Bruins' Cubs, a Canadian-American Hockey league farm, in 1932-33, leading it to the league championship. When that club dropped out, he switched to the Springfield Indians.

QUITS, RETURNS—Brother Frank Boucher is the New York Rangers' immortal and Billy and Bobby played with Montreal Canadiens. Boucher's successor to the popular Dit Clapper who resigned his Bruins' berth in April, dropped out of hockey in 1940 to become a full-time farmer. But he returned with Ottawa Senators for the 1946-47 season, the team losing to Edmonton Flyers in the Allan Cup final.

"The Bruins' management is very happy it could select Buck from a long list of applicants," Adams said.

Ross' tribute to his old-time teammate was: "We looked for a two-faced guy and I'm certain we found him. He never was a two-faced man and I'm positive he

will not change now. Buck will be fairly on his own, for he will be in sole charge of the play end. And I can assure him that he never will get any second-coming from the front office."

Rains Came—Rain forced cancellation of last night's Senior B baseball game between Hunte's Outlaws and Texaco Oilers. The game, first of a best-of-three series to decide the Senior B representative in northern Alberta baseball playoffs, will be played Thursday night at Clarke Stadium.

Kingsway Park—FASTBALL 3 GAMES Under Lights Harlem Queens Colored Girls VS. MORTONS, JULY 7 WALK-RITE, JULY 8 ALL-STARS, JULY 9 8 P.M.

ADMISSION: Adults 50c Children 25c

ONE OF THE BIG FOUR Baseball league's ace outfielders Dave Brockie, left, swings into action against Cubs at Renfrew Park tonight. Cubs boast two or three of the most promising young pitchers in the loop, including Al Purvis, right.

'Two Million Dollar Rain' Washes Out Esk-Cub Tiff

With the rain coming down in torrents just about the time the players normally would have been climbing into their monkey suits there was nothing to it but to cancel last night's Esk-Cub game, scheduled for Renfrew Park. Even John Ducey, park lessee, as well as general manager of Eskimos, found it easy to adopt a philosophical viewpoint.

"This is a two-million dollar rain," he announced after close inspection of the diamond particularly by Leg Edwards, Cubs' manager, disclosed the base-paths and the areas around the mound and home plate rapidly being converted into miniature quagmires.

NOT ONE, BUT TWO—Not a million dollar rain. Not a three million dollar job. No, sir Ducey, something of a stickler when it comes to assessing the value of a downpour, called it right on the nose at two million.

There wasn't even a note of regret in his voice when he announced the cancellation. Almost certainly last night's postponement will bring on the scheduling of a contest for Thursday. Normally this is an open date in Big Four league circles.

ANOTHER GO TONIGHT—As it is Cubs and Eskis are due to make another try at getting in a game tonight. Should it come off almost certainly Clarence Melby will go to the mound for the Eskis. Likewise Morrie Hawley is a 1-10 shot to draw the Cub pitching assignment.

General-handyman Ray (Thin Man) Canepa likely will be back in a Cub uniform. The Californian recently lost 19 pounds in the face of a charge of poisoning. However he has gotten back seven or eight of them, hopes to be close to his best "fighting weight" again soon.

Tough Assignment—Cloverdale tackles the pre-empting Maple Leafs in a Junior-Senior league engagement, scheduled for Clarke Stadium, Thursday at 7:00 p.m.

In New York State, Charles is not recognized as champion Eddie Egan, chairman of the New York State Athletic commission, said he prefers a "tournament" to determine Louis' successor.

Unless he has a sudden change of heart, New York will have the N.Y.A. champ defending his crown in a state that does not accept fight to the throne. It can be most confusing.

Dentists to Golf—There are no Dr. Cary Middletons in the crowd but that won't prevent Edmonton and District Dental society from holding their annual tournament at Country club, Friday. The dentists start drilling at 2 p.m.

City Splashers Eye Wrigley Swim Meet

Edmonton splash stars will be heading for Sylvan Lake and the annual Wrigley Swim at the central Alberta resort centre, July 13.

Three-time winner and defending champion Doug Lemmon is not expected to return for a crack at the four victory record of Max King in the men's mile, feature event. Lemmon is living in Winnipeg.

Heading the local aggregation to the swim, which features a mile 'gallop' for both senior men and women, and a half mile 'sprint' for juniors of both sexes, will be defending ladies mile titlist, Doris Elliott, of the east end pool.

Along with twin sister Dorcas, who starred in the shorter distances at the Wrigley meet last year, 18-year-old Doris is favored to repeat her performance of a year ago when she defeated Joanne White and Lois Loback, both of Eskimos, of the east end pool.

Joan Gainer, 14-year-old lass

DOUG LEMMON

... Won't be there.

who finished third in the junior half-mile last year, will be back

for another crack this time. She represents the South Side pool and is coached by Jim Crockett. Only other South sider making the jaunt is senior Don Saunders.

Doug Swail, thrice winner of the junior men's half-mile is considering taking part in the mile this year. Almost certainly he will complete in some of the shorter events as well. Now a member of the Red Cross' swimming and water safety instruction program, Swail has not had much time to practice.

Just how Calgary will shape up for the Wrigley swims probably will be clarified Saturday when a meet is held in the southern city. There has been no large scale meet held in this city so far this year and the all-around class of the Edmonton delegation likewise is not known.

... Won't be there.

who finished third in the junior half-mile last year, will be back

LINDBERG HANDLES DODGER SCHOOL BELL

Don Lindberg, Brooklyn baseball coach in the Pacific north west, officially opened the third annual Dodger baseball school at Renfrew Park this morning. Aided by Tom Lallico and Charlie Smith, Lindberg spent the morning registering all players attending the three-day school.

Lindberg is a former catcher with such clubs as the International league Newark Bears and Kansas City of the American Association. He served as manager of Decatur (Illinois) in the Three Eye league in 1940.

Bob Clements, director of minor league activity for the International league, will arrive in Edmonton tomorrow night to attend the Friday session of the school.

Officials Crack Down On Junior Ball-Hawks

Junior baseball league umpires have been plagued all season by certain players and managers arguing and bickering over decisions. Last night the matter came to a head.

As a result of an incident arising out of Monday's game at Clarke Stadium between Canadians and CNR two members of Canadians have been suspended for two games.

The pair—catcher Doug Ringrose and first baseman Mike Hurst—were found guilty of using "profane language" whilst disputing one of Behm's calls.

Behm subsequently reported the incident to league officials who promptly served a suspension notice to Canadian manager Gordon Moore. Ringrose and Hurst will be out of the lineup when Canadians play Maple Leafs on Friday and Saturday of this week.

ONE OF SEVERAL—The incident is only one of several occurring in Junior ball this year. Umpires are particularly displeased with the behavior of South Side and Edmonton Athletics club players. CNR and Maple Leaf players have conducted themselves properly for the most part. Ringrose and Hurst have been the first major offenders from the Canadian club.

Reason for lack of discipline among the juniors is attributed to managers failing to control their players. John Ducey, current lessee of Renfrew Park who

cut his baseball teeth wearing umpire's togs, feels that team discipline is a manager's problem.

SERIOUS INFRACTION—Says he: "Verbal abuse of an umpire is a serious infraction of the baseball code. If the managers can't control their players in the Junior Baseball circuit then league officials should enforce stiff suspensions."

This much is certain after the Canadian incident: If junior managers fail to hold their unruly players in check they just aren't going to have any umpires. The officials have taken considerable abuse and are just about ready to call it quits.

COMFORTING COAL operator is John L. Lewis, left, potentate of United Mine Workers, during lull in negotiations on new coal contract which opened at White Sulphur Springs, W. Va., recently. Lewis is offering mock condolence to Hubert H. Howard, representative of Illinois mine operators. Union boss offers to keep mines open while talks continue.

Vancouver Tram, Bus Fare Increase Asked

VANCOUVER, July 6.—(CP)—British Columbia Electric Railway company announced yesterday that "rising deficits" have forced it to apply for an increase in street-car and bus fares in Vancouver.

Company president A. E. Grauer said the B.C.E.R. has applied to the city of Vancouver and the Public Utilities Commission in Victoria for elimination of the three-for-25-cent tickets in Vancouver in favor of a straight 10-cent cash fare. He said an interim order has been applied for. This if granted would make the proposals effective one week after they have been accepted for filing by the Public Utilities Commission.

PUBLIC HEARING LATER

In that case, he said, public hearings would be held at a later date before the order became permanent.

A B.C. Electric Company spokesman said the application applies only to Vancouver. He said no increase would be sought in Victoria and New Westminster "in the immediate future."

Yesterday's move follows warnings by the company that fares would have to rise to meet recently negotiated contract revisions for B.C.E.R. employees. Mr. Grauer said the rising deficits "made critical by the recent awarding of the 40-hour week with the same take-home pay" forced the action. He also cited increased taxation and heavy losses by the transportation division as reasons for the fare boost application. He said over a 12-month period "approximately \$800,000 additional revenue could be expected if the new fare structure is approved."

Besides increasing the present city adult fare, tickets in other classifications would jump in price. Children's tickets, which now sell at eight cents for 25 cents, would sell at six cents for the same price, and inter-city fares would be 30 cents each instead of ten for 30 cents.

City Won't Protest

VANCOUVER, July 6.—(CP)—There will be no official protest from Vancouver to the request for interim increases in fares by British Columbia Electric Railway. But the Public Utilities Commission will hold a public hearing on the matter before any permanent fare boost is granted. Mayor Charles L. Thompson said last night.

Mayor Thompson said he had

TRADE TALKS GET HIGH SOVIET NOD

MOSCOW, July 6.—(AP)—Twice within the last five days a high Russian official has indicated to western diplomats that western overtures to increase trade with the Soviet Union will meet with consideration here.

When British new ambassador to the Soviet Union, Sir David Kelly, presented his credentials at the Kremlin, July 3, Russian President Nikita Khrushchev told him such an approach from Britain would be welcomed.

Yesterday when the United States ambassador, Alan Kirk, presented his credentials, Khrushchev repeated the same general idea. These remarks by Khrushchev have made impressionists think the British and American embassies there have been no official reaction, however.

Canada Bothered By Barter Deals

Private Industry Deals Lead To Too Many Complications

OTTAWA, July 6.—(CP)—Canada, dipping a toe in the pool of barter trade, is on the verge of deciding whether to take a dive. Indications are she may decide to stay out of the water.

The barter deal is as old as the hills but it is only a recent innovation of post-war Canadian international trade. Its recurrence in the modern world is a direct result of the dollar scarcity.

Canada has been a rugged believer in free trade. Recently, with the approval of the Foreign-Exchange Control Board, she started barter deals on a private-industry basis with countries having insufficient dollars to provide currency exchange.

ALMOST DISASTROUS
The result in some cases, said government officials in an interview today, "has been almost disastrous."

They cited the case of a British Columbia apple dealer last year for Brazilian oranges. Brazilian oranges appeared on the Canadian market and Canadian apples in Brazil.

What happened? Official States orange growers, said officials, started cutting prices.

As a result American oranges appeared on the Canadian market undercutting the price of the Brazilian product.

British Columbia apple growers, it was understood, took a sharp loss on the deal.

"TOO RESTRICTIVE"
"Barter trade just doesn't provide the solution to our trade problem," said a government official. "For one thing trade is too restrictive and for another deals are not on a big enough scale."

Canada is trying barter deals on a private industry level with almost every sterling country and with some dollar countries such as the Latin-Americans where the dollar problem still exists since these countries were short of funds.

Ontario Race Judge Dies While On Trip
KIRKLAND LAKE, Ont. July 6.—(CP)—R. H. Hodgson of Toronto, commercial traveller and horse racing starting judge, died yesterday while on a business trip to northern Ontario. He lived in Kingston and Ottawa before moving to Toronto 10 years ago.

FISHING DISPUTE ADDS NEW VICTIM
CHESAPEAKE, Va., July 6.—(AP)—A Maryland waterman was shot fatally yesterday in Chesapeake Bay in another of a long list of Maryland-Virginia border incidents arising from respective fishing rights of the two states.

He was Earl Nelson, 40. Nelson was crabbing near the junction of Potomac and Tangier Sound, where the two states are divided.

He was shot after a Virginia conservation patrol plane landed near his boat.

Charles M. Lankford, 21, Virginia state fisheries commissioner, told a reporter the shooting was accidental. He said a deputy of the commission boarded Nelson's boat to arrest him for violation of Virginia law prohibiting crabbing by non-residents.

Lankford said Nelson was wounded while trying to wrest a rifle from the deputy, David Acree, 21.

THE CARE AND MANAGEMENT OF ESTATES

Instability Charged To F. Schmuck

Winspear Claims
Ex-Manager Given
To Wild Plans

Frank W. Schmuck was "always off on some trip and rarely got to the office before noon," according to testimony yesterday afternoon of Francis George Winspear, defendant in a \$100,000 suit brought before Supreme Court by Mr. Schmuck.

Mr. Winspear was fourth of eight defendants to take the witness stand since Mr. Justice O'Connor began to unscramble the legal tangle which came about when Alberta Oxygen and Anisylene Co. Ltd. "changed hands" last year.

Other defendants already examined are L. A. Cavanaugh of Calgary, Allen Bowman of Saskatoon and H. R. Milner of Edmonton.

R. Winslow Hamilton followed Mr. Winspear to the stand yesterday. In answer to questioning of defence counsel Bruce Smith, K.C., Mr. Winspear described Mr. Schmuck's "instability" and told how the dismissed managing director of the oxygen company had "wild, over-optimistic plans."

Mr. Schmuck could not hold the confidence of employees or customers.

POWERFUL SALESMAN

Then, describing Mr. Schmuck as a "powerful salesman," Mr. Winspear admitted that such salesmen tend to be extravagant. "But he (Schmuck) went beyond all reason."

As the case wound toward conclusion—it is expected to end today—"two points seemed to crop up most of counsel's time."

Whether or not the directors who dismissed Schmuck from his position have any right to act as directors.

Whether or not the directors of the company were right in cancelling a long-term contract with Bowman Bros. of Saskatoon.

NO RIGHTS

Mr. Schmuck, in seeking to be reinstated as president and custodian of the company, is claiming the directors were not appointed by a meeting of the stock holders and therefore have no right to act as directors.

The plaintiff finds fault, too, with his former associates for cancelling the contract and refusing to bring legal action against Bowman Bros. until about \$42,000 Schmuck claims is owing the oxygen company.

4 Candidates Lose Deposits

Four candidates who contested the recent federal election in Edmonton East constituency found defeat not only disappointing but expensive.

Each lost his deposit of \$200 for failing to poll 50 per cent of the votes given winning Liberal candidate Fred Macdonald.

Only Ambrose Holowach, Social Credit candidate, was able to save the \$200. Holowach finished second in the six-man contest for the seat.

Official count of Returning Officer J. H. Fulton, announced yesterday, gives final standing as follows:

Macdonald (L) 16,922
Holowach (SC) 2,972
Thorogood (PC) 2,814
Ashby (Ind.) 3,480
Rosa (CCF) 2,960
Swankey (LPP) 1,322

Thorogood, Ashby, Rosa and Swankey lost their deposits.

Total votes cast numbered 30,761 and 416 ballots were rejected.

Number voting represented 64.7 per cent of those eligible to vote in the constituency.

Vote of service personnel followed the pattern set by civilians in the constituency with Liberal Macdonald receiving 124, Holowach 28, Thorogood 23, Ashby and Rosa tied with 13 each and Swankey polling just one vote.

Bulletin Provides Quick Brightener For Dull Legislative Reading Matter

By PAT McVEAN

The Bulletin lightened spirits during a debate over gas export in Alberta's special legislative assembly session yesterday.

Charges hurled across the floor of the House were interesting, but the debate was less stormy than many experienced by most members and reading matter was in demand.

Until the arrival of the afternoon newspapers, literature was both scarce and dull. Calgary's Alberta 18 hours cold, Hardwood of Spring, 1948, crisis, "Construction World" and "Crime News."

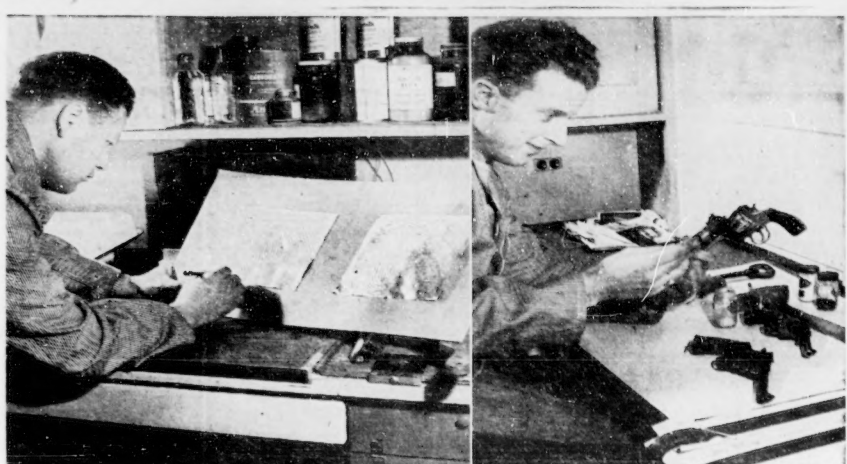

Backbencher discovered The Bulletin first, and asked it around for members to view the front page photograph of Clayton Adams (SC-Edmonton).

The paper moved around twice as fast and with amusement ranging from chuckles to guffaws after Hon. A. J. Hooke, minister of economic affairs had given it his attention.

He cursed Mr. Adams' picture and a one-column headline beside it.

The Bulletin had inadvertently put Mr. Adams' picture smack against a headline:

"ACCUSED KILLER
NOW A MINISTER"

CONVICTION on 37 separate counts resulted from this single print, Constable Elmer Leslie of identification department of the city police force points out how the print on the left, obtained here from a radio in a store, checked perfectly with a print filed in Ottawa.

HOW TO TELL one finger print smudge from 40,000 others is demonstrated by pretty Helen Grant in offices of identification department of city police force. Instructed by Detective Ken Murray and his assistants, she is able to flip out the right card in a matter of seconds.

Finger-Tips Like Faces To City Print Experts

By Stan Burke
Ever look at finger prints?
If you have you've noticed that one looks pretty much like another.

Down at the city police station there is a collection of 40,000 prints. To the uninitiated, every one just looks like a black smudge with little curly lines across it.

But to Detective Ken Murray there are as different as one man's face from another.

IN SECONDS
In a matter of seconds he can tell whether a suspicious character has his prints filed among the 40,000.

He takes the man's prints and then uncovers the face for the spot where the duplicates should appear. If the prints check with those on file the man has had it.

But it's not as simple as it sounds.

It's all a matter of being able to classify prints. Each one carries a designation. Anywhere in the world the smudge experts can instantly pluck a print from their files from this designation.

Classification depends on the pattern on the finger-tips. The little lines may be in the shape of whorls, radial curves, uniar lines or arcs. Also involved is a little triangle known as delta and the core of the print.

Down at the station Ken Murray and his assistants Ken Shaw and Elmer Leslie fingerprint all arrested persons, with the exception of drunks and minor offenders.

Prints of all those connected with serious crimes are exchanged with major police centres from coast to coast. Calgary police also keep prints of Edmonton's minor offenders.

CLEARING HOUSE
Ottawa is the clearing house for prints from all centres in Canada. They can often put the finger on a suspect in a matter of hours.

There is one case on record here where a single print was responsible for convicting a man on 37 separate charges.

Often the best prints are obtained from smudges invisible to the naked eye, says Shaw. He demonstrated by bringing up a most incriminating-looking print from the handle of a revolver.

"Aha," said Fingers Shaw. "He'll swing for this." Print turned out to be that of the reporter.

Big Investiture Here Saturday
Hon. C. Bowen, lieutenant-governor of Alberta, will invest 127 RCAF veterans Saturday with honors and awards won during the recent war, at one of the largest mass investitures ever held in Edmonton.

The awards range from the distinguished Service Order to the Air Force Cross. The investiture will be held in the Drill Hall at North West Air Command.

Only the proverbial pin would have tested the silence in which his announcement was received. Members didn't cough, shuffle a paper, squeak a chair or perhaps draw a breath until he had made his intention clear.

Then the House picked up its normal undertone.

When the session was the date of the special session they took into consideration the personal convenience of the majority of members. But they forgot about pre-occupied legislator H. S. Lee (SC-Toronto).

Mr. Lee's farm supplies large quantities of field peas for commercial canneries in southern Alberta. Monday, as the special session started, the pea threshing machine moved on to the farm.

'PUTTING FINGER' on a criminal is everyday stuff for Constable Ken Shaw one of Edmonton's finger print experts. Here he is stroking his camel-hair brush across handle of a revolver to bring up a print in the aluminum dust.

Budding Poets Have Chance To Gain Fame

Albertans who fancy themselves as poets have a chance to become famous and win prizes at the same time in the 20th annual poetry contest sponsored by Edmonton branch of Canadian Authors' Association.

Entries will now be received for the contest which closes on Sept. 15.

Four classes of poems may be entered: sonnets, lyrics, short poems, any form, and humorous verse.

There will be first and second prizes of five and three dollars in each of the four classes.

Poems must not exceed 42 lines and poems already published will not be accepted.

UP TO TEN
Each contestant may enter up to 10 poems and there must be a fee of 25 cents for each entry.

The Alberta Poetry Year Book for 1949-50 will contain a selection of the best entries including all prize poems. Entrants who send two or more poems will receive copies.

Competition is open to all residents of Canada.

All communications and entry fees should be mailed to branch secretary-treasurer Miss J. R. Nancy Clegg, 11600 126 street.

33rd BIRTHDAY
Mrs. Marie Grimes of Edmonton will celebrate her 33rd birthday on the trip and special arrangements are being made to make it a memorable event.

It is expected that many of the older children of ex-Maritimers will also make the jaunt east.

Those wishing to go on the excursion should contact the Secretary of the group at 26104 or J. H. Brown at 916448.

Fear Psychosis Said Sign Of Depression

Handwriting is on the wall. The "money-moon" is over. Clouds of recession are everywhere in eastern Canada and the United States, and the only saving grace in Alberta is the development of oil here.

John McDougall of Toronto, general manager of Trans-Alberta Mining Corporation and managing director of Building Yellowknife Mines Ltd., said here today that a four psychosis exactly like that preceding the last depression has gripped the States, eastern Canada and Vancouver.

"Edmonton, still in the throes of an oil boom, knows nothing of what's going on elsewhere. Oil has been a godsend to Edmonton and the greatest thing that ever happened to the city."

"And oil, he said, is going to be the panacea for present Edmonton from ever feeling the depression too deeply."

"Everywhere," said Mr. McDougall, "is a tightening up. Zipper pockets are closed. People are hanging on to their jobs. They are not investing their money."

BUYERS' MARKET
It's a buyers' market, he said. All the hard-to-get items during the war are back and people are waiting for prices to come down before they'll buy them.

Big Celebrations Here on July 14

CNR Bluenose Special Trip Goes July 22

Edmontonians born and raised in the Maritime provinces will revisit the scenes of their childhood when they board a CNR Bluenose special for the east on July 22.

Scores of members of the Maritime Provinces Association and their families are expected to make the trip and also attend the Bluenose celebrations being held in Halifax this summer.

Special rate fares have been offered by the CNR to those traveling aboard the special and round-trip tickets will be good for one month.

REGINA ALSO
Maritime Provinces Association in Regina is also planning a special train to the east.

A majority of those from Edmonton making the trip have not been home for many years. They hope to have grand visits in such places as St. John, Truro, Halifax, Charlottetown and Sydney.

Special will arrive in Montreal on Tuesday, July 26 and leave the same afternoon for the Maritimes.

In announcing plans for the excursion back to the old home round, Secretary J. V. Doulos of the Maritime Provinces Association here says the trip east will be a merry one.

There will be picture shows, bingo games, bridge, community singing and a photograph music right aboard the Bluenose.

Edmonton Maritimers hope to bring a message from the far west to the peoples of the far east. The trip will result in better understanding and a more solid bond of unity formed between east and west.

33rd BIRTHDAY
Mrs. Marie Grimes of Edmonton will celebrate her 33rd birthday on the trip and special arrangements are being made to make it a memorable event.

It is expected that many of the older children of ex-Maritimers will also make the jaunt east.

Those wishing to go on the excursion should contact the Secretary of the group at 26104 or J. H. Brown at 916448.

City Dealer Off To 'Tent'
W. B. Gowan of Edmonton will attend an unusual business convention at the regular meeting of the local Gyro Club today at the Macdonald hotel.

Friendship group will reach Edmonton July 14 after Toronto businessmen and their wives aboard have visited Calgary and Banff.

Local Gyros are expected to supply about 150 cars during the one-day visit of the group.

Color film entitled "Working for Pleasure" was shown Gyro members at their luncheon.

The movie, shown by H. D. Brown of the University extension department, told the story of manufacture of sports equipment and its use in major sports events.

City Groups Plan Gala Day for Eastern Visitors

Warm and woof of the welcome mat for the "Toronto-to-Calgary-Edmonton Goodwill Train" was woven at a meeting of directors of the Alberta Motor Association here yesterday.

First day of entertainment July 14 when Edmonton plays host to 400 Torontonians includes a parade, a civic luncheon and a trip to the oil wells. Private citizens will open their homes to the guests and many with cars will take part in the parade.

Parade of private cars will start from the CPR depot at 9 a.m. and pass east on Jasper avenue to the Market Square. Parade will then descend with the driverless responsible for showing his guests the city.

A civic luncheon will be tendered at 12 noon arranged by Mayor H. D. Ainlay and Don McKay, secretary-manager of the Chamber of Commerce.

In the afternoon a fleet of buses will take visitors on a tour of the oil wells. Souvenir literature and maps have been prepared by Imperial Oil.

Gyros Plan To Meet Train
Toronto's westbound Friendship Train will be greeted here by at least 125 Edmonton Gyro Club members next week.

Plans for the welcoming were discussed at the regular meeting of the local Gyro Club today at the Macdonald hotel.

Friendship group will reach Edmonton July 14 after Toronto businessmen and their wives aboard have visited Calgary and Banff.

Local Gyros are expected to supply about 150 cars during the one-day visit of the group.

'Baby Bonus' Proves Boon To Albertans

Family allowance money has become a major factor of income with Alberta families in the four years since first cheques were mailed.

H. C. L. Gilman, regional director of family allowances in Edmonton revealed today Alberta mothers have received more than \$11,290,000 since the plan went into operation in 1945.

Average allowance per family in May of this year was \$21.04 and average allowance per child \$6.09.

There were 135,000 cheques mailed on behalf of 268,300 children. More than \$1 billion was paid on behalf of all Canadian children in the last four years.

MANY CHANGES
There have been several changes in regulations since the plan came into operation, all to the benefit of the families.

All payments are now income tax exempt for one thing and payments have also been equalized for children regardless of ages.

Size of family is no longer a factor as was the case when payments were first made.

Children of immigrants now qualify after one year residence in Canada instead of the three years required in the first years of the allowance scheme.

The Gold Coast, Africa, leads the world in production of cacao, from which chocolate is made.

SHOPPING GUIDE

Today Fresh Apricots
Sell at \$3 Per Case

By Bea Thrifty

Well homemakers!

Are you cleaning that strawberry juice from the faithful ol' presarvin' kettle to make way for the raspberries, cherries and as of today apricots.

The fruit is literally swarming into the markets . . . in good condition and at middling high prices.

Apricots arrived last yesterday and briefly made an appearance in a few shops.

They're still far too green and far too expensive to consider in the light of preserving. They sell at \$3.00 per case now.

But within the next 10 days the price will drop to about \$2.25 per case . . . now isn't that more the kind of deal we like to hear.

Patterns

By Anne Adams

Sewing as you love it! This dress has few pattern parts, simplest construction. Belong to some one. Together they're the complete ensemble of your wardrobe.

Pattern 4666 in sizes 12, 14, 16, 18, 20. Size 16, dress takes 3 1/2 yards 35-inch material. Pattern 4666 is a simple, easy to use, simple to sew, is tested for fit. Has complete illustration.

Send Twenty-Five Cents (25c) in coins stamps cannot be accepted, for this pattern. Print pattern, Name, Address, Style Number. Send order to Anne Adams, care of The Edmonton Bulletin, Pattern Dept., 60 Front St. West, Toronto, Ont. Please allow a week or two for delivery.

DOROTHY DIX SAYS

Young Man's Love
Better Than Money

DEAR MISS DIX: Please advise me. A wealthy man is madly in love with me. He is burdened by a wife and four small children whom he has ceased to love.

He could give me all the luxuries a woman craves. I dearly love a poor but hard-working man and it will be years before he could give me anything more than a living. What shall I do?

Answer: If you want to be happy, marry your poor sweetheart and save your heart and soul.

Unless you are as hard as a rock and are utterly lacking in conscience you will never find any enjoyment in a home, no matter if it is a palace that you have built on the ruins of another woman's life.

I have seen many women like you who have never seen a man who was sitting pretty in a house that was theirs, brought by right to a clever woman.

Always the woman is thinking of the other woman of whom her husband was once a part and wondering if he will forsake her some day for a younger and prettier face.

Always she is thinking that she abandoned the children he had brought into the world and wondering if he would turn his back on her children as casually as if they were so many alley cats.

Of course I can understand how alluring to a poor girl are fine clothes, a fine car and a fine home and income. The things she has always wanted and has never had.

She thinks it would be perfect for her not to have to get up in the morning and punch a time clock in a store or office. Not to have to stand behind a counter or pound a typewriter. Above all, she is able to buy imported finery instead of low.

HOW LITTLE MONEY BUYS But did you ever think, my dear, how little money really buys? After you have filled your stomach with food and put a pretty dress on your back and ridden until you are tired in a car, what will money buy you that you want?

You can be as someone in a palace as you can in a tall bedroom if you have no contentment with what you have. You can be as rich old man as you could be by a poor one. Your heart can ache for love under silk as desperately as it could under cotton.

Believe me, my child, a hunch-

BRIDGE

Good Defence Play

Defeats Contract

By WILLIAM E. MCKENNEY

Recently I played in a duplicate game with Harry Lees of St. Louis at the Cavendish Club in New York, probably the most celebrated bridge club in the U.S. There the greatest players in the country play bridge.

Ed Cherone, tournament director of the club, told me that the members like to try various types of duplicate games. On one particular night they were playing a total point game which is similar to rubber bridge. This is one of the few clubs in the country which runs this type of game. They usually have 11 or 12 tables. The difference between total point and match point play is that in match point play, if you play a hand at four spades and another pair play the same hand at three no trump, making four, they will get the top score. In total point play, the pair who made four, even if it is important not to miss any games or slams.

SOCIAL and PERSONAL

RECENTLY WED at First Baptist Church were Eleanor Fanning and Stanley Mitchell. The bride is the daughter of Mr. and Mrs. C. L. Fanning and her husband is the son of Mrs. A. McEwen and the late Mr. McEwen, all of Edmonton. — Photo by Hauser Studio.

Edmontonians Away To Summer Holiday Havens

Edmontonians are heading for the sun and sand in their bags for a few weeks of fun and relaxation at seaside resorts and mountain parks.

Many of the city's leading families are leaving for their summer homes in the mountains or to the beach. The Fanning family, for example, is spending the summer at a resort in the Canadian Rockies. The McEwen family is heading for the beach in the United States.

Parents Sail to England For Wedding

Stop-over in Montreal is planned by Mr. and Mrs. E. R. Macdonald who left Edmonton Sunday. They will sail from Montreal aboard the Empress of Canada to attend their daughter's wedding.

Press Club to Entertain Visiting Writers

Time out from the typewriter will be taken by Senator Richard L. Neuberger and Mrs. Neuberger Friday when they will be guests of the Press Club at a luncheon.

Andrew Bride Choses Satin Wedding Gown

Andrew's bride, Mrs. W. V. Vine, has chosen a satin wedding gown. The gown is a simple, elegant design with a high collar and long sleeves.

Advocates Laughter As Reform Measure

Laughter is a powerful force for good, according to a speaker at a recent meeting. He urged people to laugh more often as a way of improving their lives.

Swiftness Column

Swiftness is a key to success in many areas of life. It is the ability to act quickly and decisively.

Surprise Baby Shower

A surprise baby shower was held for a new mother. The event was a great success and the new mother was very happy.

Home Was Mrs. Frank Brandy

The home of Mrs. Frank Brandy was recently visited by a group of friends. The home was very comfortable and the visit was very enjoyable.

White-tailed Deer Often Develop A Ticking Tilt

White-tailed deer often develop a ticking tilt, which is a condition where the deer's head is tilted to one side.

King Of The Castle To Take Downfall

British Husbands Having Rough Time With 'Equal Partnership' Bill Now

LONDON, July 6.—(CP)—There will be a new deal for British wives, bringing sweeping changes in husband and wife relationships, if the Married Women's Association has its way.

Will Gals Whistle When Males Adopt Plunging Neckline?

WASHINGTON

Herald says why not do of the married collar, plunging neckline, anything.

CPR Women List Draw

CPR Ladies' Lawn Bowling Club draw for this month is as follows:

1. M. Morgan vs. D. Smith, Craft vs. Smith
2. M. Morgan vs. Smith, Craft vs. Smith
3. M. Morgan vs. Smith, Craft vs. Smith
4. M. Morgan vs. Smith, Craft vs. Smith

Suits Made To Flatter

For the right, straight figure, a suit can be made to flatter. The key is to choose the right fabric and cut.

July Bride-Elect Guest at Showers

Honoring Miss Morle Scouler, whose marriage to Stanley Mitchell takes place Tuesday, Mrs. J. J. Brown was hostess at a miscellaneous shower last evening.

Family All Out For This Marrying Idea

NEWCASTLE-ON-TYNE, England.—(CP)—A mother aged 85, her son and daughter were married in a triple wedding ceremony here.

Calendar

Women's Mission Circle of Trinity Church meeting at the church building at 1000 Broadway at 10:30 a.m.

ST. JOSEPH'S Catholic was the scene of the recent wedding of Betty Hunter and M. Runyon. The bride is the daughter of Mr. and Mrs. Hunter, and the groom is the son of Mr. and Mrs. Runyon.

Betty Hunter Pledges Vows With M. Runyon

WESTLOCK, July 6. Baskets of peonies and delphiniums made an attractive altar in the Westlock United church recently for the marriage of Miss Betty Hunter and M. Runyon.

The bride, who was given in marriage by her father, Mr. J. H. Hunter, was the daughter of Mr. and Mrs. J. H. Hunter of Westlock.

The groom, M. Runyon, is the son of Mr. and Mrs. M. Runyon of Westlock.

The wedding ceremony was performed by Rev. J. S. Clarke.

The bride and groom were surrounded by their families and friends.

The reception was held at the home of the bride's parents.

The bride and groom were very happy and enjoyed the celebration.

The wedding was a very successful one and all enjoyed it.

THE PRONTO PUP is a hot dog in a hurry—a wiener on a stick baked in batter and grease—and Miss M. McKay shows how you eat it if you visit Tillicum Beach near Camrose.

NEW CAMROSE RESORT

Pronto Pup New Pride of Picnic

CAMROSE, July 6.—If Tillicum Beach does nothing else it has earned a place in the sun by modernizing the hot dog.

With Tillicum has come the Pronto Pup. A Pronto Pup is a hot dog in a hurry and Camrose folks are growing quite fond of their new resort and also the Pronto Pup.

It tastes like a doughnut with a wiener in it. Probably is a doughnut with a wiener in it.

But no wonder is Tillicum Beach resort being developed 12 miles from Camrose by Bruce Rennick and D. R. Perrin.

NAME CHANGED

It is on what was known as Dried Meat Lake but which has been changed to Pemican Lake, the same thing with more dignity.

Seven weeks ago it was all trash but today there is a 400 yard beach—builders unearthed 30,000 yards of sand to make it—and 100 yards of dock.

It was estimated about 5,000 people visit it on Sundays.

So far about \$25,000 has been invested in it, but the promoters said it is only the beginning of what they hope will be a year round resort.

They propose a town site with 157 lots, roads, sewerage system, water and electric lights.

CLUBHOUSE PLAN

They plan a clubhouse to be operated on a membership scheme, with 24 double cabins for members, tennis and badminton courts and nine-hole golf course.

They hope to have waterfront facilities finished this year and the clubhouse scheme underway next.

In the meantime they have the Pronto Pup.

As G. E. Frederick, who has an interest in the concession, explained it, the Pronto Pup is a wiener on a stick, dipped in batter and cooked in hot grease.

Good, too. No onion smear.

—LIDDELL

June Rainfall At Lethbridge Lowest Since '43

LETHBRIDGE, July 6.—(CP)—Lowest June precipitation since 1943 was recorded here in the past month, the monthly weather summary issued by the Dominion Meteorological bureau at airport said yesterday. Total precipitation of 1.57 inches was well below the 46-year average of 2.82 inches and slightly higher than June 1943 when a meagre 1.17 inches of moisture was recorded here.

Hottest day was June 16 when the mercury rose to 86.7. Mean temperature of 58.8 above is just slightly higher than the 46-year average of 56.5 above. Coldest night was on June 18 when the temperature fell to 34.8.

Quadrime was the name of an ancient ship of war which had four banks of oars instead of the more usual three of the trireme.

Breton Area Farmers See Clover Show

First clover hay field day in western Canada will be held at Breton on July 8. This demonstration of hay making will be held in the grey wooded soil zone where the growing of clovers and alfalfa and the use of fertilizers are essential for satisfactory crop production.

Demonstrations of a variety of power mowers and side delivery rakes, hydraulic mowers, hay loaders, and various types of pick up balers will be made by several farm machinery companies.

A 240 spraying outfit will also be set up for examination.

Use of these machines will be discussed by farm machinery dealers and agricultural engineers.

Field day will commence at 10 a.m. on the Ben Fisher farm, one and a half miles east and one mile south of the town of Breton, and the hay making demonstration will be held on Victor Hanson's farm nearby.

Refreshments will be available. The field day will be under the auspices of the provincial department of agriculture and the university department of soils.

Miner Hurt On Highway

MOUNTAIN PARK, July 6.—Ben Norton, 25, foreman of strip mine at Mountain Park, was badly crushed when a light delivery truck he was driving overturned at a sharp curve three miles north of Cadomin.

Norton was on his way to Edmonton with some machinery parts and it was believed the accident was caused by the parts moving when the truck rounded the curve.

The truck bounded 75 feet into some brush and Norton was there for some time before he was found by two fishermen.

He is a patient in Cadomin hospital.

Music Class Passes Exams

MOUNTAIN PARK, July 6.—The nine piano students of Mrs. F. H. Parner were successful in passing examinations conducted by Mrs. Beulah Doney for the western board of music.

The piano students were Grade 1, Jackie Roome, Raymond Hoot, Douglas Price, Grade III—Lore Jones, Grade V—Edward Melnychuk, Viola Chiesia, Gloria Liviero, Audrey McVey, Maria Davies, Grade II theory—Gloria Liviero, Audrey McVey.

Leduc Revision

LEDUC, July 6.—At court of revision in hear appeals against 1946 assessments, three appeals were heard. One on business property was reduced while two others on residential property were confirmed.

IN OUR Province

Ponoka Hog Day Worth Its Squeal

By Ken Liddell
Provincial News Editor

PONOKA, July 6.—If you want to be sure of meeting your friends in Ponoka drop in on hog day.

You know your own friends of course, so no inference is intended.

But it seems everybody comes to town on hog day... and this goes out has made Ponoka into Canada's leading hog shipper.

Ponoka's hog day is such a big event each week—it comes on Wednesday—that stores do not take the usual mid-week holiday, but close on Thursday.

Businessmen have squawked about this but they couldn't meet the squeal of the hogs, which are quite a big noise with the railways that insists on shipping each Wednesday.

Hog day brings around 120 farmers to town from an area of 40 miles and the hogs they have been bringing in recent years have reached practically perfection for quality.

You seldom see a black or butchery hog now, said J. W. Turner, one of the town's three stock dealers. "They are pretty well all white or bacon hogs. One customer brought in nine the other day and they all graded A. About 90 per cent are white hogs."

There are times when Ponoka will ship up to 20 cars on hog day but it has declined lately because of high price of grain.

But the town's livestock dealers say Ponoka farmers are a pretty sensible lot. They stick with mixed farming and do not jump to whatever product may bring in more money for a short time.

The situation generally this year, however, is not bright. Somebody said it was the driest since 1921.

And don't get the idea that Ponoka goes into hog or nothing. J. W. Turner, who handles the cop yards, said his pens handled around a million and a half dollars worth of stock in 1945 and it is over half a million so far this year.

Man Arrested For Alleged South Theft

DRUMHELLER, Alta., July 6.—(CP)—Police last night announced that Edward Silvers has been arrested in connection with the theft of \$50 in cash and about \$75 worth of clothing from the Carlson Trading Company at Carbon, Alta., early yesterday.

Entry was gained to the building by throwing a rock through a plate glass window in the store door. Police said a quantity of the stolen goods had been recovered.

Harrogate, England.—(CP)—Farmers on North Yorkshire moors counted their sheep this year and found they were some 15,000 short compared with 1946 flocks. Marauding dogs and storms played a part in deaths.

Harrogate, England.—(CP)—Farmers on North Yorkshire moors counted their sheep this year and found they were some 15,000 short compared with 1946 flocks. Marauding dogs and storms played a part in deaths.

SUCCESS STORY reaches peak for Mrs. Perle Mead with her appointment as U.S. minister to Luxembourg. Wealthy queen of Washington society and long-time friend of Truman's is former Republican credited with being important factor in president's successful campaign.

Dawson Board Ups Salaries For Teachers

DAWSON CREEK, B.C., July 6.—Board of Dawson Creek school district No. 59 has increased salaries of elementary and high school teachers in an effort to attract fully qualified teachers to the area.

Basic elementary schedule was raised to \$1,900 plus bonus, and high school schedule to \$2,200 plus bonus.

The board received resignations of seven teachers. They were Miss Jean Thomson, home economist, Miss Jean Ladman, F. G. McNaughton, Mrs. Ellen Olson, A. Stosky, Mrs. Marion Nelson and Mrs. R. McDougald.

Mrs. M. Davies resigned as dormitory supervisor.

Coal mined at Hudson's Hope in the district was selected for district schools with exception of Police Coupe.

Maintenance work planned for the summer includes renovation of elementary school building, enlargement of the garage and construction of two tennis courts.

Vets' Homes Are Awarded

LEDUC, July 6.—First eight units of the veterans' rental project, on the west side of town, have been allocated on Wednesday, and some are already occupied.

Work remains to be done on landscaping the grounds, installation of sidewalks, roads and water connections, but the project promises to be a real asset to the community.

Cadets to Camp

DAWSON CREEK, B.C., July 6.—Twenty-three members of the Dawson Creek A.C. cadets, accompanied by two officers, left July 1 for summer camp at Abbotsford, B.C. The boys were the supervision of A. W. Sharpe.

Ban Is Forecast On Aircraft Use In B.C. Hunting

Fast Transportation Makes Game Too Easily Accessible

DAWSON CREEK, B.C., July 6.—Widespread use of aircraft by hunters may be outlawed in British Columbia, it was reported at a meeting of the Dawson Creek Sportsmen's club.

The action may be taken because this mode of transport makes hunting areas too easily accessible resulting in depletion of game faster than it can be raised.

Meeting was also informed that Ducks Unlimited is showing an interest in the Dawson Creek area and representatives were expected to make a survey of possibilities.

A trial shooting project will be carried out at Charlie lake, north of Dawson Creek, this summer. It will be on a small scale to determine feasibility.

MAIN STREET IMPROVED

MILLET, July 6.—Millet's main street is undergoing quite a change. A new cement sidewalk has been put in from Dolly's Cafe through to egg-grading station, while the sidewalk on the west side of the street is being raised and widened to match the height of the highway.

DUCK SURVEY

Meeting was also informed that Ducks Unlimited is showing an interest in the Dawson Creek area and representatives were expected to make a survey of possibilities.

A trial shooting project will be carried out at Charlie lake, north of Dawson Creek, this summer. It will be on a small scale to determine feasibility.

Edmonton Man In South Hospital After Accident

CALGARY, July 6.—(CP)—John Zurawel, 32, of Edmonton is in hospital here suffering from fractured ribs and abrasions suffered last Saturday night when the truck in which he was riding overturned in a ditch on the Banff trail two miles west of here.

John Langie, also of Edmonton, driver of the truck, said he was forced to swerve into the ditch to avoid a head-on collision with another vehicle. Driver of the unidentified vehicle which approached Langie did not stop.

ACHING JOINTS?

Are your joints and muscles stiff and painful? Do you seem to "ache all over" because of Rheumatism, Arthritis or Gout? Don't let your joints suffer with T-R-C's. Used and endorsed by thousands for relief of these pains, also Lumbago and Neuralgia. Ask for T-R-C's, 60c, \$1.25 at drug counters. T-R-C's, 60c, \$1.25 at drug counters. T-R-C's, 60c, \$1.25 at drug counters.

Prospects Better

MILLET, July 6.—Crop situation looks somewhat improved as a result of rain.

The farmers report it may improve the hay situation.

This Beautiful Home For Sale

This is a large, well-planned family home that will appeal to those wishing to live in a quiet, reserved neighborhood. It is located in Glenora on one of the best view lots in the district.

Many features are incorporated in the plan of this home that will provide a great deal of pleasure for anyone living in it.

Complete particulars will be given on request. Inspection by appointment only.
